*****One of the most demanding responsibilities in informal sports is observing, controlling and reporting participant conduct and facility use.**

Since we are not staffed with an individual to monitor the gymnasium, times are broken down by age for risk management purposes. It is recommended to call prior to arriving due to schedule changes. If the gym is empty during any open time, feel free to inquire at the front desk if you may shoot around. It is the discretion of the supervising staff at the time. Typically, they will allow usage of the gym as long as it is understood you may be asked to leave if enough participants in that particular age category arrive.***
